

## **IMPORTANT NOTICE**

### **The Building Trades National Medical Screening Program**

The Building Trades National Medical Screening Program is sponsored by the Center to Protect Workers' Rights and supported by the Building & Construction Trades Department, AFL-CIO.

Any building trades worker who worked at a DOE site listed below may be eligible for the **FREE PROGRAM**. This program is designed to examine workers for medical problems due to exposures on the job. We will set up a confidential work interview with you. The interview will help highlight any health hazards and exposures from your work at the sites(s). The interview can be conducted in person or on the telephone. We will then arrange a special medical exam for you based on your needs.

All information will be kept private and confidential.

Amchitka - Fernald - Hanford - INEEL - Kansas City Plant -  
Mound - Oak Ridge - Paducah - Pinellas - Portsmouth - Savannah  
River Site
